RULES AND 20 REGULATIONS 19

Constituency Sports Tournaments Background

Constituency Sport Tournaments is a mass participation sport leisure programme established in 2008 by the Botswana Government. The primary reason for introducing the programme was to take youth from the streets by providing them with worthwhile positive activities so that their indulgence in undesirable activities is curtailed if not reduced. The programme targets out of school youth and there is a provision to accommodate a few employed young people up to the age of 40 in various sport codes (i.e. five (5) in football, three (3) in both netball and volleyball. Those who register in the programme should be individuals of teams not affiliated to National Sport Associations. Only three (3) sport codes being football, netball and volleyball currently participate in the programme.
